Spring 2008 Seedling Availability and Seed Sources

August 15, 2007

- **PLEASE NOTE PRICE STRUCTURE BASED ON QUANTITY ORDERED PER SPECIES.**
- **Order bareroot seedlings in multiples of 50 and containerized and evergreen seedlings in multiples of 25. 100 cubic inch containerized seedlings can be ordered in multiples of 8.**
- **Delivery by state truck is only available to selected counties. Please contact the nursery for delivery options to your county.**
- Further seed source info and scientific names are available by contacting the nursery.

Many of our species are produced from MITOSIS seed. MITOSIS is the Montana Interagency Tree and Shrub Improvement Study. The study was a cooperative effort to evaluate the performance various species of plants in established Montana plantings. The selected plantings were evaluated for over ten years and the best performing plants were selected for seed orchard establishment at the nursery. We use this seed source whenever possible. These selections perform well in many of Eastern Montana's variable and harsh climates. Although these plants have not been tested in every environment, MITOSIS selections are some of the best plant materials available for use in Montana. The selections are proven to survive in Montana because they were evaluated in Montana not other Northern Great Plains states.

BAREROOT SHRUBS (ORDER IN LOTS OF 50)						
Common Name	Seed Sources	Age	100 or less	150-1950	2000+	Estimated Inventory
Buffaloberry, Silver <i>Sheperdia argentea</i>	North Dakota	2 yr	\$0.72	\$0.52	\$0.47	15000
		3 yr	\$0.84	\$0.64	\$0.57	7850
Caragana <i>Caragana arborescens</i>	Nursery Windbreaks, Missoula	1 yr	\$0.56	\$0.36	\$0.32	40000
		2 yr	\$0.62	\$0.42	\$0.37	14850

Wildlife Packet	Wildlife packets contain 250 seedlings, 50 seedlings each of three shrub species, one deciduous tree species, and one evergreen species. The species included are chosen for their benefits in bird habitat plantings but most species also provide benefits to mammals large and small. The nursery will select the species best suited for your area. You are not allowed to select the species. Potential shrub species include Plum, American, caragana, chokecherry, Currant, Golden, Cherry, Nanking , Cherry, Sand , silver buffaloberry, Sumac, Skunk , and Rose, Woods. Potential tree species include Hawthorn, Arnold , Ash, Green , hackberry, Midwest crabapple, and Olive, Russian . Potential evergreens are blue spruce, Pine, Lodgepole, Pine, Ponderosa, and Pine, Scotch. To order write Wildlife Packet under common name.	\$150.00
